- OBJECTIVE:** To secure a position with a progressing company.
- HIGHLIGHTS:** Team player; Organized self-starter; Quick, innovative problem solver; Intuitive, creative engineer.
- EDUCATION:** **Bachelor of Science in Mechanical Engineering, May 2001**
University of Minnesota, Minneapolis, Minnesota
- Courses taken include:*
- | | |
|-------------------------------------|---------------------------------|
| Analog and Digital Control | Motion Control |
| Computer-Aided Engineering | Engineering Cost Accounting |
| Engineering Optimization | Design and Manufacturing |
| Advanced Design Projects | Human Factors and Work Analysis |
| Statistical Quality and Reliability | Internal Combustion Engines |
| | Heat Transfer and Fluid Flow |
- EXPERIENCE:** **Design Engineer**
Powerain Systems, Inc., Tower, Minnesota
June 2001 to Present
- Planned, designed and implemented Research and Development projects
 - Reorganized production procedures to lower costs and improve quality
 - Provided quick, effective solutions for areas of concern on current products
 - Emphasis on materials, fluid systems and power transmission
 - Small company environment--broad spectrum of tasks
- Road Service Specialist**
Gopher Towing, Inc., Minneapolis, Minnesota
January 1999 to March 2001
- Performed impounds, service tows, lockouts, starts, tire changes with 1-ton boom trucks and 2 ½-ton rollbacks
 - Performed light shop service
 - Expanded quick thinking and problem solving abilities
 - Developed valuable interpersonal skills
- U of MN Formula Society of Automotive Engineers team member**
September 1996 to December 1997
- Developed braking system for high-performance race car
 - Assisted design and manufacture of other systems of race car
 - Gained team work environment skills
 - Experienced coordination of major engineering project
